ABOUT THE EVENT

After prodigious success of the previous editions of this annual conference series on Geology and Earth Science, Magnus Group is gratified to invite you to its prestigious online event “2nd Edition of Global Conference on Geology and Earth Science” GEOLOGY 2023. The congress will be taking place in the month of September 21-23, 2023 Online mode.

The three-day global summit will deliberate on the theme “*GROUND: Geological Research Optimisation Underlining Novel Discoveries.*”

Due to the coronavirus, the year 2020 and 2021 has been nothing less than a roller coaster ride for everyone. While the news of its outbreaks and variants was being covered by the media, scientists discovered some of the ‘earth’s best-kept secrets.’ They used cutting-edge technologies to discover buried rivers, lost continents, and relics of old jungles, as well as probe into the planet’s ancient history. As the year comes to a close, feast your eyes with the most noteworthy developments that occurred this decade at GEOLOGY 2023.

The congress encompasses high-quality, cutting-edge keynote sessions, plenary talks, and oral and poster presentations from the divisions of industry, government, civil society, science, and academia. GEOLOGY 2023 is an international high-level scientific gathering that brings together leaders from all walks of life which includes researchers, scientists, academicians, geologists, educators, industry leaders, and individuals to discuss ideas and experiences. The major emphasis is on advancing collective knowledge about the recent trends and breakthroughs in the field of geology at the international, national, and sub-national levels. The networking events will assist you in establishing new connections that will help you collaborate in the future.

We hope that you will join us at GEOLOGY 2023 and receive a priceless opportunity to sharpen your profession by learning new skills in a online environment.
